

FROSTAIRE SIGNS MOU WITH BLUESTAR INDIA.

Frostaire Industries (Pvt) Ltd. Sri Lanka's pioneer air conditioning & refrigeration solution provider, having commenced a modest operation in 1980, and it ventured into the manufacture of these units in 1985. It has over the past three decades grown in stature and had built an unenviable reputation in the air conditioning Industry among the Government and Private sectors.

Frostaire Industries has now entered into an agreement with Bluestar India. The MOU was signed by C. P. Mukundan Menon Vice President Bluestar Limited and Mukthar Marikkar Managing Director of Frostaire in Chennai.

Bluestar is the largest Central air conditioning and Commercial refrigeration company in India. They offer a wide range of contemporary window and Split air conditioners and a comprehensive range of Commercial refrigeration products and services.

Room air conditioners such as hi wall split air conditioners, Inverter split AC units, floor standing units, Cassette air conditioners are a few products to be made available as well as refrigeration products such as Water coolers, Chest freezers, Bottle water dispensers are just to name a few.

These products would be available at the Frostaire Showroom 102, Union Place Colombo 02.
